

A close-up photograph of a black and white cow's head. The cow has two yellow ear tags, both with the number 05571. The cow is looking slightly to the left of the camera. The background is blurred, showing other cows in a farm setting.

Safety first for everyone at the farm

Per Hougaard, Dairy Farmer

Per Jørgensen, Health and Safety Advisor

27. februar 2024

Agenda

Per Jørgensen, Health and Safety adviser

1. Presentation, H&S adviser
2. Why prioritize health and safety
3. Most common accidents on the farms
4. What YOU have to do
5. How to work with prevention

Per Hougaard, Dairy Farmer

1. Presentation, Per Hougaard
2. Why I care about health and safety
3. What I expect from my workers
4. What I do on my farm

The image shows two screenshots of the CRiska mobile application. The left screenshot displays the app's branding: 'CRiska' in large white letters on a dark teal background, with 'SEGES INNOVATION v1.19 (187)' at the bottom. The right screenshot shows a product safety page for 'Hydratkalk' (Rengøringsmiddel). The page includes a title, a category, and a section for required equipment with icons for a respirator, gloves, and safety glasses. Below this is a 'Faremærker' section with hazard symbols for 'Ætsende' and 'Advarsel (Lokalirriterende / Sundheds...)'. The bottom section, 'Faresætninger', lists health effects: 'Forårsager hudirritation.', 'Forårsager alvorlig øjenskade.', and 'Kan forårsage irritation af luftvejene.'

NOVEMBER

If an accident happens

Have you considered?

- If you have a contingency plan (beredningsplan)?
- What to do and who to contact if an accident happens?
- What to do after the accident, incl. debriefing (talking about the accident) and reporting of the accident?

Call the SEGES hotline, if an accident happens
